

We are a technology company listed on the Bucharest Stock Exchange and specialized in digital transformation of businesses and communities.

We integrate the skills needed to provide access to the digital economy. Team agility and human-friendly solutions are the ingredients for transforming ITC complexity into simplicity for our partners.

We made it our mission to make life simpler

Join our team on the position of:

## SYSTEM ADMINISTRATOR JUNIOR

We are seeking an experienced and efficient colleague to help take us to the next level in our growth process. The type of team player we are looking for is not only technically proficient, but also demonstrate the following qualities:

1. **Continuous development:** to embrace the concept of learning and becoming better day by day. Personal achievements give us energy and inspire our growth together.
2. **Responsibility:** to get involved courageously and to be the one who presses the start button whenever you see an opportunity.
3. **Agility:** being able to look into the future and search for the solution that will take us further.

### What will your responsibilities look like?

- Providing IT support for company employees and clients;
- Software and hardware maintenance;
- Managing systems and user accounts;
- Ensuring the e-mail configuration for company's employees and for clients;
- Responsible for installation, configuration and troubleshooting Windows, Linux (Ubuntu, CentOS), MacOS;
- Assuring laptop hardware maintenance, OS installation and configuration;
- Installation and configuration of networking equipment (routers, access points);
- Networking related troubleshooting (Wireless networks, VPNs, VLANs, Gateway, broadcast, firewall, network authentication issues)
- Providing the best solutions for computer virus removal;
- Offering support in keeping the inventory database up to date.
