

We are a technology company listed on the Bucharest Stock Exchange and specialized in digital transformation of businesses and communities.

We integrate the skills needed to provide access to the digital economy. Team agility and human-friendly solutions are the ingredients for transforming ITC complexity into simplicity for our partners.

We made it our mission to make life simpler

Join our team on the position of:

## PYTHON DEVELOPER

### The Type of Colleague We're Looking For

We are looking for team players who are not only technically proficient, but also demonstrate the following qualities:

1. **Continuous development:** to embrace the concept of learning and becoming better day by day. Personal achievements give us energy and inspire our growth together.
2. **Responsibility:** to get involved courageously and to be the one who presses the start button whenever you see an opportunity.
3. **Agility:** being able to look into the future and search for the solution that will take us further.

What will your responsibilities look like?

- Developing and implementing highest-quality application software within deadlines;
- Work closely with QA team and BA to deliver fit for purpose technical solutions;
- Developing high-performance applications by writing testable, reusable, and efficient code;
- Focus on continuously improving our processes and practices;
- Suggest improvements, security needs, best practices etc. (your voice will be heard);
- Supporting/mentoring developers and other project members;
- Keeping informed of advancements in the field of backend development.

### LIFE IS HARD SA
